Dear Sir:

*OK to enter. PM 6/12/07*INTRODUCTION

This is in response to the Advisory Action dated May 17, 2007, in which Applicants' Amendment and Response dated April 16, 2007, was deemed non-compliant because the amended paragraph in the specification did not include markings. Applicants note with appreciation that the obviousness-type double patenting rejection was deemed overcome by the April 16 reply which included a terminal disclaimer.

This paper resubmits the requested amendment to the specification in compliant form.
